Opening day was a success. We served breakfast, visited, laughed, hugged and dedicated the gym to George who was shocked and quite pleased.

We have begun our SchoolMall Fundraiser which helps raise money for individual classrooms.

We held a Trivia Night at Outer Limits Brewery, emceed by Mike Ripley with babysitting provided by GM high schoolers and dinner at CTES for kids paid for by Mack Molding.

Grades 3-6 began MAPS testing. Grades K-2 are doing the math and reading assessments.

Children in grades 2-6 are making bracelets for Bahamas relief.

6th graders cleaned out 5 truckloads of knotweed and garbage at Greven Field

*Every morning we gather as a school to greet each other, recite the pledges, celebrate birthdays and have a laugh.*
